HARCO PVC AWWA C907 & C900 GASKETED FITTINGS For C900 PIPE

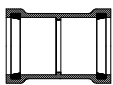

FREIGHT — F.O.B. Lynchburg, Virginia

**PRESSURE RATED FITTINGS MEET or EXCEED:
 ANSI/AWWA C907**

Fittings outside shaded lines are AWWA C907 Class 150 / Pressure Rated 235 psi / DR18 for pressure and non-pressure applications.

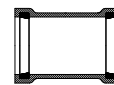

Fittings in shaded lines are for Sewer and Drain applications only and are not pressure rated.

Fittings in italics are fabricated from DR 18 pipe.

WARNING:

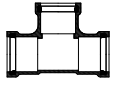

Frequent or severe cyclical pressure surges (water hammer) can destroy PVC fittings. Please refer to AWWA C907, Section A.3.4 for additional details.

The use of anything but properly designed and installed thrust blocks will reduce the life of plastic fittings. Thrust blocks must be of poured concrete only and sized for the soil conditions. Mechanical joint restraint products are available.

NOTE: Please call, fax or e-mail for price and delivery of unlisted fittings. All 10" and 12" fittings are fabricated.
