### General

Harco Saddles for HDPE Pipe are suitable for use on HDPE with SDR's of 17 or less. These Saddles can also be used on PVC Pipe. Call for other applications. Saddle bodies are shop coated Ductile Iron. Call for pricing of Fusion Plastic Coating for improved corrosion resistance. Dual stainless steel straps are utilized to spread the clamping force on the HDPE pipe. Saddles are pressure rated to that of the pipe on which they are used.

### Ordering Instructions

When ordering, identify if pipe is IPS or Cast Iron Size as well as the SDR of the pipe. In the case of saddles with FIPT outlet, specify outlet size. Saddles for 2" and 2½" are only available in 1" FIPT outlet. 4" and above are available in 1", 1¼", 1½", 2", and 2½" FIPT. 3" is available with outlets up to 2". Part numbers shown for 2" FIPT outlet. Allow two weeks for shipment.
